

East Sussex Foster Carers – In a class of their own

Does your child have a friend who is fostered or have you ever thought about fostering?

East Sussex County Council needs more foster carers to secure futures for children of all ages & all backgrounds

Could you offer respite, short term or permanent placements or short breaks for children with disabilities?

Could you provide supported lodgings for older children of 16+?

**Your home = Their Future
We have children waiting for placements, what's stopping you?**
